Tenants in a Chicago building were thrown into a semi-panic this afternoon by a shock which swayed the building and which was supposed to be due to an earthquake. The engineer of the building put an end to the sensation by declaring that the "shock" was made by the contraction of the material in the building, due to the intense cold.

The second batch of cases before the Supreme Court of the United States, involving charges of defrauding the government out of large tracts of public lands in Colorado, was decided in favor of the defendants. Quite a number of persons, including some men of prominence, were involved. The specific charge was that of conspiracy to defraud the government by conspiring to enter timber lands under the timber and coal act in excess of acreage permitted by that law.

In the United States District Court at Muskogee, Okla., Judge R. E. Campbell held that all the alleged sales and leases signed by Zeke Moore, a Creek freedman, to 120 acres of land in the Glenn Pool oil district of Oklahoma are invalid, except one lease covering a period of fifteen years, given to R. The jury in the night rider trial at Union City, Tenn., has reported. Dr. W. Dunbar, pastor of the Payne Memorial Methodist church at Atlanta, Ga., reported at the weekly meeting of the Methodist ministers of that city that so large a number of communicants were present at the communion services at his church on Sunday that the wine of the sacrament gave out before all could be served. ## NIGHT RIDERS TO HANG

DATE FOR EXECUTION SET BY JUDGE JONES AS FEB. 19.

Six Sentenced to Hang and Two Given Twenty Years in the State Penitentiary.

Jones Saturday pronounced sentence of death upon Garrett Johnson, Fred Pinion, Arthur Cloar, Sam Applewhite, Ted Burton and Roy Ransom, the six night riders who were found guilty in the first degree of the murder of Capt. Quentin Rankin at Walnutlog, October 19, and set the date upon which these men will hang for February 19, just four months to the day after the dastardly murder.

Bob Huffman and Bud Morris, who were found guilty of murder in the second degree, Judge Jones sentenced to the penitentiary for a term of twenty years.

The eight defendants received their sentences with blanched faces. They arose at the order of the judge, and while he recited to them the judgment of the court, their faces worked convulsively from the spasms of mental pain and anguish through which they were passing.

## TAFT GIVES OUT ULTIMATUM

Too Much Newspaper Talk May Exclude Man From Cabinet.

Washington.—The decision of President-elect Taft to refrain from making public the names of the persons he has selected to be members of his cabinet, with the exception of Senator Knox and Frank H. Hitchcock, has had the effect of greatly inciting gossip.

The only possibility of accurate information transpiring regarding the seven vacant cabinet positions lies in the proneness of the friends of some of the selected persons to discuss the matter. Yet Senator Knox, who has been aiding the president-elect in this work of cabinet building, on his return from Augusta Monday rather grimly hinted that any candidate who either personally or through his friends betrayed the confidence of the president-elect might find that, after all, he was not on the list when the final cabinet is announced, and that statement may have some effect in restraining cabinet talk by people who are really advised.

## WOULD SHOOT PREACHER.

Sequel to Sensational Case at Webb City, Missouri.

Webb City, Mo.—As the result of an invitation extended over the telephone by Dr. G. T. Pool to Rev. J. F. Shepherd to meet him opposite the postoffice and come armed, so they might "shoot it out," a warrant was issued for Pool's arrest and he was arrested and fined \$50 and costs on a plea of guilty to carrying concealed weapons. Pool's action is a sequel to proceedings in police court in which Pool's wife charged Rev. Shepherd, pastor of the First Presbyterian Church, with assault.

The first trial ended in a hung jury, and it has never been again called up. Mrs. Pool alleged that while she was on the street Shepherd deliberately knocked her to the pavement three times. Shepherd claims she was following him, began raining blows at his face, and when he tried to push her away, she threw herself to the sidewalk.

## RACE ACROSS ATLANTIC.

President Has Given Carte Blanche to Sperry for Battleships.

Philadelphia.—James B. Connolly, the noted writer of sea stories, is given as authority for the statement that the president has given carte blanche to turning from its world-girdling tour, to Rear Admiral Sperry's Pacific fleet, recut loose after leaving Gibraltar and race across the Atlantic, "ship against ship, and may the best boat win."

Mr. Connolly, it is said, has been invited by the president to return with the fleet as chronicler of the race against time, and will be the guest of Capt. Potter aboard the battleship Vermont. The contest among Admiral Sperry's fighters is to be characterized with all the fire and "go" that is the peculiar quality of the Roosevelt temperament. He wishes his term as president to end with a dramatic climax which shall excite the attention of the world.

## Enforce Blue Laws.

Pensacola, Fla.—Under the "blue laws," some of them half a century old, there were no cigars, cigarettes, nor tobacco sold; no cabs or transfer wagons in operation, and even the meat markets were closed in Pensacola Sunday by order of Sheriff Van Pelt. Deputies were out early in the morning, instructed to arrest conductors and motor-men if cars run. The Louisville & Nashville railroad was compelled to cease working several hundred men employed on the road's export wharves, loading ships.

## TRY THIS FOR COLDS

Mix half ounce of Concentrated pine compound with two ounces of glycerine and a half pint of good whiskey; shake it well each time and use in doses of a teaspoonful to a tablespoonful every four hours.

These ingredients can be obtained from any good druggist who will prepare the mixture, or it can be mixed at home.

This is said to be the quickest cough and cold cure known to science, and at the same time it has a splendid tonic effect which benefits the whole system. The Concentrated pine is a special pine product refined for medical use and comes only in half ounce bottles, each enclosed in a round case, which is airtight, to retain all the original strength of the fluid, but be sure it is labeled "Concentrated."

## VAIN THREATS.

Jimmy Juggins—If you do not consent to my marriage with your daughter, I swear I'll kill myself.

Her Pa—Ha, that's good; you'll save me the trouble.

## DREADFUL DANDRUFF.

Girl's Head Encrusted—Feared Loss of All Her Hair—Baby Had Milk-Crust—Missionary's Wife Made

## Two Perfect Cures by Cuticura.

"For several years my husband was a missionary in the Southwest. Every one in that high and dry atmosphere has more or less trouble with dandruff and my daughter's scalp became so encrusted with it that I was alarmed for fear she would lose all her hair. After trying various remedies, in desperation I bought a cake of Cuticura Soap and a box of Cuticura Ointment. They left the scalp beautifully clean and free from dandruff, and I am happy to say that the Cuticura Remedies were a complete success. I have also used successfully the Cuticura Remedies for so-called 'milk-crust' on baby's head. Cuticura is a blessing. Mrs. J. A. Darling, 310 Fifth St., Carthage, Ohio, Jan. 20, 1908."

## Splendid.

"That's a fine looking maid you have now, dear."

"Yes, she's a darling, and she came to me highly recommended."

"Knows all about the latest styles of maiding, I suppose?"

"Oh, so far as knowing the duties of a maid goes, I don't suppose she knows a thing."

"But she came highly recommended, you said?"

"Yes, she broke the jaw of the last man who tried to kiss her."—Houston Post.

## The Disturbing Telephone.

"The telephone has destroyed all the privacy of society," said the society girl. "It breaks in on everything. Nothing is sacred to it. You may be saying your prayers. The telephone. Or in the midst of your bath. The telephone. Or doing up your back hair, or, worst of all, a delightful man may be making love to you, when k-ling, k-ling, k-ling! The telephone breaks off the thread of his theme and he fails to resume it."

## Warmth and Illumination Needed.

A philosophy without heart and a faith without intellect are abstractions from the true life and being of knowledge and faith. The man whom philosophy leaves cold, and the man whom real faith does not illumine, may be assured that the fault lies in themselves, not in knowledge and faith. The former is still an alien from philosophy, the latter an alien from faith.—Hegel.

## ROSY AND PLUMP

Good Health from Right Food.

"It's not a new food to me," remarked a Va. man, in speaking of Grape-Nuts.

"About twelve months ago my wife was in very bad health, could not keep anything on her stomach. The Doctor recommended milk half water but it was not sufficiently nourishing."

"A friend of mine told me one day to try Grape-Nuts and cream. The result was really marvelous. My wife soon regained her usual strength and to-day is as rosy and plump as when a girl of sixteen."

"These are plain facts and nothing I could say in praise of Grape-Nuts would exaggerate in the least the value of this great food."
